**Title: When Players Become "Available"**

---

**Policy Statement:** EMSA is committed to the principles of fair play, mobility of players between teams, and the protection of players or teams from poaching. Therefore, EMSA forbids any form of "poaching" of players while they or their team are still involved in their season's regular schedule or post-season competitions. EMSA recognizes that players are deemed "free agents" (i.e., may be freely courted by other coaches) between the end of their team's season and a pre-set date (July 31<sup>st</sup> for Indoor season, and Feb 28<sup>th</sup> for Outdoor season).

#### Definitions:

- "Poaching" is defined as any effort that is intended to lure a player from one team to another, while that player is legitimately engaged in a team.
- "Post-season" play involves any competition or tournament that legitimately follows a season of play, including inter-cities, Provincials, or Nationals.

#### Guiding principles:

- ✓ Players are deemed to be "on a team" when:
  - they are registered on that team's ASA form, and
  - their team is still engaged in its season's game schedule, or post-season play
- ✓ EMSA Coaches must be made aware by their Zone of this policy and discouraged from real perceived "poaching" activities
- ✓ Complaints about "poaching" must be submitted by the coach of the affected team/player, to the Zone, and then where appropriate forwarded to EMSA for discipline

---

**Purpose:** The aim of this policy is to clarify the timeframe when players may be courted by coaches from a team other than the one they were most-recently on.
